Audit+

Enhance your auditing process with our Audit Plus Program—an advanced professional service coding review designed to elevate your compliance strategy. Tailored for encounters selected randomly, this program enhances your existing auditing initiatives by providing a comprehensive assessment of per-physician or qualified healthcare professional (QHP) coding.

The Professional Services Coding Compliance Assessment entails thorough scrutiny across various dimensions, including:

Data Quality Review: A meticulous examination of a representative sample of professional encounters is conducted. This comparison gauges the alignment between the quality of medical record documentation and the services coded and billed on the corresponding 1500 claim forms. This review aims to achieve the following objectives:

- Accuracy of Procedure Codes (CPT/HCPCS): Ensuring the precision of the codes assigned to procedures.
- Accuracy of Diagnosis Codes (ICD-10-CM): Verifying the correct diagnosis codes assigned.
- Modifiers Accuracy: Assessing the appropriateness of modifiers used, or if modifiers are missing.
- Identification of Uncoded Services: Detecting any services provided but not accurately coded, or missing codes.
- Quality Assessment of Physician/QHP Support: Evaluating the adequacy of physician or Qualified Healthcare Professional (QHP) documentation to substantiate the assigned CPT procedure codes and ICD-10-CM diagnosis codes.

Common Audit Areas:

- Evaluation and Management
- Evaluation and Management/Minor Procedures
- Major surgical procedures within a 90 day period
- Interventional Radiology
- Interventional Cardiology/EP
- Diagnostic Radiology with Electrophysiological Studies

Deliverables: Experience the convenience of a final report that consolidates critical insights, empowering you to make informed decisions and enhancing coding accuracy within your practice.

Why Choose Audit Plus? Our program goes beyond standard reviews, offering a personalized approach to address specific coding challenges within your organization. Elevate your compliance game with the industry's leading Audit Plus Program from First Healthcare Compliance and Panacea.

Note: The Audit Plus Program is a valuable addition to your existing auditing initiatives, providing targeted insights and optional education to optimize your coding practices. It does not include Radiation Oncology, Anesthesia and facility coding.
