

Elevate Your Chargemaster with ChargeAssist®

The Enterprise Solution for Healthcare Organizations

The Total CDM Solution

CDM Manager™

A total Chargemaster Audit Suite tool that saves valuable maintenance and management time.

Price Analyzer™

Compare your prices with CMS reimbursement and other similar facilities by size and geography.

Change Monitor™

Streamlines your facility's system-wide Chargemaster collaboration, supports auditing & monitoring, and creates compliance-focused logs.

Ultimate Research Center™

ChargeAssist® Resources help you manage Chargemaster processes and solve daily challenges quickly and easily.

The ChargeAssist® software tool is a robust online charge management solution used by hospitals, healthcare systems, and leading Charge Master and Revenue Cycle Management experts.

ChargeAssist® achieves numerous Revenue Integrity objectives for our customers:

- Streamline Charge Master and related masterfile upkeep, data monitoring, and internal auditing through customizable views and automated reporting capabilities.
- Facilitate continuous improvements in Charge Master management processes, fostering department-level data ownership via seamless deployment, user-defined security, and a flexible data display framework.
- Automate collaboration and documentation of charge changes, masterfile updates, and charge policies with integrated communication tools.
- Access a curated library of regulatory resources and weekly summaries, empowering Revenue Integrity and department management staff with up-to-date information.
- Utilize integrated comparative market rates for usage-based modeling, with the flexibility to choose from an array of provider types or fee schedules.
- Seamlessly integrate with any hospital information system platform, accompanied by fully customizable reporting features.

Key Benefits

- Ensure a smooth transition from other tools with 'next day' user access, comprehensive online help modules, and user-friendly functionality.
- Gain instant insights into data file accuracy, facilitating ad-hoc quality checks, swift data corrections, and detailed quarterly coding and payment system updates.
- Streamline and formalize complex CDM auditing, research, and data management processes, ensuring greater compliance with Revenue Integrity standards.
- Enjoy cost savings compared to other market options, as our solution encompasses all product functionality and modules, including pharmacy and supplies, at a single price with **unlimited user access**.
